Summary

Motivated Computer Engineering student with expertise in frontend development, including HTML, CSS, JavaScript, and React. Skilled in building responsive and user-friendly web solutions, with practical experience and leadership roles. Seeking a role in **web development** to apply and enhance my skills.

Education

UET Lahore

B.Sc. Hons, Computer Engineering

November 2021 - Present

CGPA: 3.5

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Advance Data Structures and Algorithms.

Internships

Frontend Intern - CodSoft

August 2023 - September 2023

The projects I created during this internship include:

1. [Traveler's Heaven.co Landing Page](#)
 - Designed a visually appealing landing page for travel enthusiasts using HTML and CSS.
2. [Memory Game](#)
 - Developed an engaging memory game with card-matching mechanics using HTML, CSS, and JavaScript.
3. [Personal Portfolio](#)
 - Built a personal portfolio to showcase skills, projects, and professional journey.

Frontend Intern - Prodigy Infotech

September 2023 - October 2023

The projects I created during this internship include:

1. [Responsive Landing Page for AppWave](#)
 - Created a dynamic landing page with sections like Home, About, Features, Contact, and Pricing.
2. [Tic Tac Toe Web Application](#)
 - Features include turn notifications, tie alerts, and a reset button for a complete gaming experience.
3. [Quiz App](#)
 - Created quiz application featuring interactive questions and answers using HTML, CSS and JavaScript.

Skills

HTML, CSS, JavaScript, Python, Java, C++, ReactJS, Bootstrap, Git, GitHub
